

# **The Journal of Grey System**

## **Contents**

### **Potential Output Estimate Using a Grey Production Function Approach**

**Ana Michaela Andrei, Angela Galupa, Irina Georgescu 1**

### **Grey Stochastic Multi-criteria Decision-making Approach Based on Prospect Theory and Distance Measures**

**Huan Zhou, Jianqiang Wang, Hongyu Zhang 15**

### **A Novel Prediction Method based on Grey-LVQ Neural Network**

**Po-Lin Yeh, Chin-Shyurng Fahn, Yu-Tung Lin, Hui-Fen Hung,  
Yi-Ling Hsu and Yen-Tseng Hsu 34**

### **Forecasting Port Cargo Throughput Based on Grey Wave Forecasting Model with Generalized Contour Lines**

**Yanhui Chen, Bin Liu 51**

### **An Improved Test Method for Grey Relational Order**

**Xianxi Huang, Sifeng Liu, Xuerui Tan 64**

### **Grey Self-memory Combined Model for Complex Equipment Cost Estimation**

**Xiaojun Guo, Sifeng Liu, Yingjie Yang, Lifeng Wu 78**

### **Correspondence Analysis With Grey Data: The Grey Eigenvalue Problem**

**Philippos D. Alevizos, Yiannis Theodorou, Michael N. Vrahatis 92**

### **To Mine Coordinated Development Degrees of High-tech Equipment Manufacturing Industry and Logistics Industry via an Improved Grey Hierarchy Analysis Model**

**Chong Li, Yang Bai, Xiaodong Xiang, Xiuping Xie 105**

**Grey GM(1,1, $\beta_k$ ) Model and its Application in R&D Personnel**  
Li Li, Renxiang Wang, Xican Li 120

**Grey Potential Degrees and its Application in Rapid Grey Evaluation**  
Aiqing Ruan, Zongqiang Ren, Qiu Chen, Yinao Wang 135

**Book review: *Grey Data Analysis: Methods, Models and Applications***  
James M. Tien 151

**Author Guidelines**
