

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

# OUTLOOKS ON PEST MANAGEMENT

## CONTENTS – AUGUST 2006

- 146 **Editorial – A Forced Abrupt End to Food Dependency: Implications of High and Stable Oil Prices** – *Jonny Gressel considers approaches for generating income from biofuels and the opportunities this required shift to production agriculture offers to less developed countries and to industry*
- 148 **California's Pesticide Use Reports and Trends in Pesticide Use** – *Lynn Epstein discusses changes in pesticide usage in California*
- 155 **R&D news** – *reports on new products, new applications and new uses*
- 157 **Trends Indicated by the New Jersey Pesticide Use Survey** – *Marija Borjan, Mark G. Robson, George Hamilton, Curtis Brown and Roy Meyer describe pesticide usage in New Jersey*
- 164 **Biotechnology news** – *developments in molecular biology and genomics*
- 166 **Herbicides and their effects on pulses in Southern Australia** – *Elizabeth Drew, Gupta Vadakattu, David Roget and Louise Lawrence, CSIRO show evidence of herbicide-induced reductions in nitrogen fixation in legumes*
- 168 **BCPC Conference – Global Aspects of Crop Production, Crop Protection and Food Supply**
- 169 **Diagnosis of *Phytophthora ramorum*** – *Charles Lane outlines methods for accurate disease diagnosis*
- 172 **Company news** – *reports on mergers, acquisitions, collaborations and sales*
- 175 **Issues concerning the design and analysis of comparative field experiments** – *Sue J. Welham & Suzanne J. Clark outlines the value of appropriate statistics in biological assays*
- 181 **Toward a “Reduced Risk” Pesticide Policy Worthy of the Name** – *Commentary submitted by Charles M. Benbrook who gives his opinion on reduced risk pesticide policies*
- 185 **The IR-4 Program: Interactions with the Crop Protection Industry and with the Regulators** – *Robert E. Holm, Jerry J. Baron and Dan Kunkel describes the work of the IR-4 programme*
- 189 **Regulatory news** – *new registrations, environmental effects and withdrawals*

*Send details of meetings to the Editor at the address shown on the inside cover*
