

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

OUTLOOKS ON PEST MANAGEMENT

CONTENTS – AUGUST 2008

- 146 **Editorial** – *The ill wind of food price rises blows life back into agriculture* – Alan Dewar
- 148 **The Proposed Revision of EC 91/414** – *a sensible way of ensuring that the environment is protected, that non-target organisms are not harmed and a guarantee of food safety or a recipe for disaster* – Len Copping
- 150 **Proposal On The Revision Of EU Directive 91/414** – *The impact on Resistance Management and Sustainable Crop Production in Europe*
- 152 **Summary of the meeting held at Belgrave Square London on 6th June 2008** – *BCPC Food Chain Forum: the impact of new EU legislation on UK food production, availability and price*
- 154 **Impact of Proposed European Pesticide Legislation on Biological Control and Integrated Pest Management** – *Guido Sterk*
- 156 **Biotechnology news** – *developments in molecular biology and genomics*
- 159 **Obituary** – *Professor Chris Curtis*
- 160 **Insecticide treated bed nets: A significant contribution towards malaria control** – *John Invest describes the development and benefits that have followed the introduction of insecticide treated bed nets into regions of Africa for malaria prevention*
- 164 **TropIKA.net: a new resource for information and communication on the infectious diseases of the poor** – *Paul Chinnock introduces a new web site designed to improve communication on tropical disease research*
- 166 **Report on the 16th Conference of the European branch of SOVE** – *Clive Boase reports on some of the highlights from the recent ESOVE meeting in Cambridge.*
- 169 **Company news** – *reports on mergers, acquisitions, collaborations and sales*
- 171 **The role of landscape in area wide management of silverleaf whitefly** – *Nancy Schellhorn and Louise Lawrence*
- 173 **Environment, Social and Economic aspects of Sustainable Food Supply, with special reference to pest management** – *Dr Charlie Clutterbuck*
- 177 **Regulatory news** – *New registrations, environmental effects and withdrawals*
- 180 **Biological control with the weaver ant *Oecophylla longinoda* in Africa: A review of research and development efforts to link farmers to organic markets** – *Paul Van Mele*
- 184 **Biocontrol of rabbits in Australia** – *Peter Kerr*
- 189 **R&D news** – *reports on new products, new applications and new uses*
- 191 **SCI Events at BCPC Glasgow 2008**
