

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

# OUTLOOKS ON PEST MANAGEMENT

## CONTENTS – August 2010

- 154 **Editorial** – *Can Pesticide Legislation be Enforced?* – Graham Matthews
- 156 **Natural Products for Weed Management in Organic Farming in the USA** – Franck E. Dayan & Stephen O. Duke describe the weed control strategies that are allowed in organic cultivation
- 161 **Effects of the Loss of Organophosphate Pesticides in the US: Opportunities and Needs to Improve IPM Programs** – Vincent P. Jones, Shawn A. Steffan, Larry A. Hull, Jay F. Brunner & David J. Biddinger consider the future of insect control systems with special reference to IPM programs in tree fruit following the loss of OP insecticides
- 167 **Regulatory news** – new registrations, environmental effects and withdrawals
- 170 **Division of Agrochemicals** – ACS National Meeting, Spring 2010, a synopsis by Nancy Ragsdale
- 173 **EuroWheat.org – A Support to Integrated Disease Management in Wheat** – Lise Nistrup Jørgensen et al describe a new Europe-wide web initiative targeted at promoting effective low input disease control in wheat
- 177 **16th International Reinhardsbrunn Symposium: Modern Fungicides and Antifungal Compounds** – Derek Hollomon reports on key presentations given at this important international meeting
- 179 **Biotechnology news** – developments in molecular biology and genomics
- 181 **Mammalian Herbivore Repellents: Tools for Altering Plant Palatability** – Bruce A. Kimball & Jimmy D. Taylor describe approaches to repelling mammalian herbivores
- 188 **Scientific Alliance Newsletter – What is Wrong with GM Crops?**
- 190 **The Application of Nanodispersions to Agriculture** – Peter Whitehouse & Steve Rannard of IOTA NanoSolutions Ltd consider the opportunities for aqueous nanodispersions in crop protection
- 193 **R&D news** – reports on new products, new applications and new uses
- 195 **Citrus Longhorn Beetle, *Anoplophora chinensis*: An Invasive Pest in Europe** – Dominic Eyre, Ray Cannon, Derek McCann & Robin Whittaker describe a threat posed by a non-native longhorn beetle being disseminated via a trade in imported ornamental plants
- 199 **No-Till Farming in Canada** – Roger Turner & Martin Livermore report on a meeting in Cambridge at which a Canadian agronomist described his experiences growing GM crops in Canada
- 201 **Company news** – reports on mergers, acquisitions, collaborations and sales
