

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

OUTLOOKS ON PEST MANAGEMENT

CONTENTS – February 2015

- 2 **Evidence-based Science – We Can Dream** – *Leonard G. Copping*
- 4 **Ghana IPM Programme: Past, Present and Future** – *K. Afreh-Nuamah & C. Akotsen-Mensah* outlines the way in which IPM principles have developed in Ghana
- 8 **Regulatory News** – *new registrations, environmental effects and withdrawals*
- 12 **Evolution of Agricultural Aviation in Brazil** – *Ulisses R. Antuiassi* describes how aerial applications have developed in Brazil
- 16 **Biotechnology News** – *developments in molecular biology and genomics*
- 20 **Biology, Ecology and Management of the Longhorn Date Palm Stem Borer *Jebusaea hamerschmidtii* (Coleoptera: Cerambycidae)** – *Hamadttu A. F. El-Shafie* describes the devastating damage caused by the longhorn date palm stem borer
- 24 **Economic and Environmental Effects of Conservation Tillage with Glyphosate Use: A Case Study of Germany** – *Dr. Puran Mal, Professor Dr. Dr. h.c. P. Michael Schmitz & Dr. Joachim W. Hesse* show the value of conservation tillage in Germany
- 29 **R&D News** – *reports on new products, new applications and new uses*
- 33 **Models for Estimating Human Exposure to Pesticides** – *John Ross, Jeffrey Driver, Curt Lunchick & Cian O'Mahony* describe techniques used for modelling exposure
- 38 **The Last Few Reports from The Pesticide Guy** – *Leonard G. Copping*
- 43 **Company News** – *reports on mergers, acquisitions, collaborations and sales*
- 47 **Book Review: Heat Treatment for Insect Control – Developments and Application**
- 48 **Calendar**

COVER PHOTOS: Cotton bollworm (*Helicoverpa zea*) (Photo by Scott Bauer) and *Aedes* (*Ochlerotatus*) sp. mosquito on human skin both reproduced courtesy of USDA-ARS; Cocoa showing both frosty pod rot (*Moniliophthora roreri*) and witches' broom (*M. perniciosa*) on the same branch (Ecuador) (Photo by Roy Batemen); Unsprayed strip in sugarbeet showing poppies (*Papaver* spp.) (Photo by Alan Dewar)
