

An international journal covering the management of weeds, pests and diseases through chemistry, biology and biotechnology

# OUTLOOKS ON PEST MANAGEMENT

## CONTENTS – February 2020

- 2 **Editorial: All Nets are Equal, but Some Nets are More Equal than Others** – Mark Rowland, Editorial Board Member, LSHTM
- 5 **Evidence of Pyrethroid Tolerance in the Bird Cherry-Oat Aphid *Rhopalosiphum padi* in Ireland** – Lael Walsh, Ester Ferrari, Stephen Foster & Michael T. Gaffney – Results of dose response bioassays ‘in vivo’ used to characterise the phenotypic response of pyrethroid resistant *S. avenae*
- 10 **Regulatory News** – new registrations, environmental effects and withdrawals
- 14 **Insect-Resistant Genetically Modified Crops: Regulation Framework and Current Situation in Argentina** – Marina Mühl – All the data required of IR-GMCs in Argentina in relation to insect resistance to the insecticidal products expressed (the most common in Argentina: Bt proteins) as well as the current situation of Bt crops in Argentina
- 24 **Insect Pest Management in Stored Products** – Somiahnadar Rajendran – insects are a common problem in stored produce, the author describes the extent of the problem and approaches to countering it
- 36 **Biotechnology News** – developments in molecular biology and genomics
- 39 **The 2019 BCPC Congress – Understanding the Demands and Opportunities of a “Green Brexit” – How do we Deliver Food Production Alongside Environmental Enhancement?**
- 43 **The BCPC Weeds Review 2019** – Ken Pallett, *Outlooks on Pest Management* Editorial Board Member
- 47 **R&D News** – reports on new products, new applications and new uses
- 49 **Book Review**
- 50 **Company News**
- 52 **Calendar**

COVER PHOTOS: Cotton bollworm (*Helicoverpa zea*) (Photo by Scott Bauer) and *Aedes* (*Ochlerotatus*) sp. mosquito on human skin both reproduced courtesy of USDA-ARS; Cocoa showing both frosty pod rot (*Moniliophthora roreri*) and witches’ broom (*M. pernicioso*) on the same branch (Ecuador) (Photo by Roy Batemen); Unsprayed strip in sugarbeet showing poppies (*Papaver* spp.) (Photo by Alan Dewar)
