

- 01–02 March 2016 **International Biocontrol Industry Symposium**, Monterey, California, USA. Contact: Jon Amdursky; Tel: 201-394-2476; E-mail: jamdursky@aol.com
- 02–04 March 2016 **3rd Conference on Botany (CB 2016)**, Beijing, China. This Conference will cover issues on Botany. It is dedicated to creating a stage for exchanging the latest research results and sharing advanced research methods. CB 2016 will be co-located with the following conferences: The 2nd Conference on Structural Biology (CSB 2016); The 3rd Conference on Protein and Proteomics (CPP 2016); The 2nd Conference on Computational and Systems Biology (CCSB 2016). Contact: Tel: + 86 132 6470 2230; E-mail: bio_mar@engii.org Web: <http://www.scirp.org/journal/jbm/>
- 14–17 March 2016 **World Bio Markets (WBM 2016)** Amsterdam, The Netherlands. Opportunities to offer a paper or exhibit plus some final sponsorship opportunities. Contact: Liam Clancy Tel: +44 (0) 203 355 4205; E-mail: liam.clancy@greenpowerconferences
- 28 April 2016 **4th Biopesticide Event**, University of Greenwich, London. **Presentations & B2B Meetings** organised by the Enterprise Europe Network SE UK and the European Centre for Integrated Pest Management (at the Natural Resources Institute, University of Greenwich) in partnership with the Agrisciences Group of SCI. The day is aimed at IPM/Bio-pesticide technology stakeholders: researchers and suppliers of current and new technologies, manufacturers, regulatory and government organisations, environmental organisations/groups and of course the farming and grower communities who are required to use IPM principles and methodologies. Attendance is free. Contact: Tel: +44 (0) 1634 883950/883751; E-mail: E.M.Millar@Greenwich.ac.uk or A.K.Hebb@Greenwich.ac.uk
- 17 May 2016 **The International Symposium on Crop Protection**, organised by the Ghent University Global Campus, Ghent University, Gent, Belgium. The conference will cover areas like Nematology, Phytopathology, Pesticide Residues, Toxicology and Ecotoxicology, Agricultural Entomology and Acarology, Special session: Emerging pests and diseases. Contact: dr. ir. B. Vandekerckhove, Faculty of Bioscience Engineering, Ghent University, Coupure Links 653, BE 9000 Ghent, Belgium; Tel. +32 (0)9 264.61.42; Fax. +32 (0)9 264.62.23; E-mail: iscp@ugent.be
- 25–26 May 2016 **2016 International Conference on Biology and Life Sciences**, Hangzhou, China. Submissions are invited before 10 March and all accepted papers will be published online before the conference, and the publication date will be within 15–30 days after final proof received. Contact: <http://www.icbls.net>
- 25–26 May 2016 **2016 International Conference on Public Health and Medical Sciences**, Hangzhou, China. Submissions are invited before 10 March and all accepted papers will be published online before the conference, and the publication date will be within 15–30 days after final proof received. Contact: <http://www.icphms.com>
- 25–26 May 2016 **2016 International Conference on Chemistry and Biochemical Engineering**, Hangzhou, China. Submissions are invited before 10 March and all accepted papers will be published online before the conference, and the publication date will be within 15–30 days after final proof received. Contact: <http://www.chembioeng.net>
- 20–24 June 2016 **11th International Symposium on Adjuvants for Agrochemicals (ISAA 2016)**, Monterey, California, USA. Organised by the International Society for Agrochemical Adjuvants (ISAA Society). Contact: www.isaa2016.org
- 20–21 July 2016 **2016 International Conference on Food Science and Nutrition Engineering** Xian, China. Submissions are invited before 20 April and all accepted papers will be published online before the conference, and the publication date will be within 15–30 days after final proof received. Contact: <http://www.icfsne.com>
- 17–19 August 2016 **Orlando, Florida, USA AgriBusiness Global Trade Summit**. *AgriBusiness Global (formerly FCI)* invites you to join your peers, ag industry experts, and new and established business partners for the crop input industry's premier event: the 2016 AgriBusiness Global Trade Summit. Make valuable connections and learn about the latest technologies and business opportunities. Network with 700 crop input buyers and sellers who are ready to do business. Explore more than 140 exhibits from suppliers who will share the latest crop input Technologies. Be sure to visit the new "Plant Health and Biocontrol Zone" – more than 20 companies have already agreed to exhibit in the "Zone" for 2016. Source new products, and build and strengthen relationships with business partners from 45+ countries. Contact: 2016 Global Agribusiness Summit Inquiries
- 05–09 September 2016 **ESA14 – European Society of Agronomy Conference 2016**, Edinburgh, Scotland. Contact: AAB Office, Warwick Enterprise Park, Wellesbourne, Warwick CV35 9EF, UK; Tel: +44 (0)2476 575195; Fax: +44 (0)1789 470234; E-mail: carol@aab.org.uk
