

# THE INTERNATIONAL JOURNAL FOR TECHNOLOGY IN MATHEMATICS EDUCATION

Volume 18, Number 3

Technology and its Integration into Mathematics Education Conference  
(TIME 2010 - Part 1)

- 105 Guest Editorial  
José Luis Galán, Gabriel Aguilera and Pedro Rodríguez
- 107 Introduction of the Notion of Differential Equations by Modelling Based Teaching  
Natalija Budinski and Djurdjica Takači
- 113 Competence, Didactic Situations and Virtual Environments for Teaching and Learning  
Oscar León & Claudia Guzner
- 121 Examining the Use of a Representational Toolkit in a U.S. Reform-Oriented Textbook  
Jon D. Davis
- 127 Application of Multimedia Technology to Study the Ordinal Competences of Children from 3 to 7 years old  
Pedro Hernández and José Luis González
- 137 Could it be Possible to Replace DERIVE with MAXIMA?  
Alfonsa García, Francisco García, Gerardo Rodríguez, Agustín de la Villa
- 143 E-Learning and Joomla  
S. Merino, J. Martínez, G. Gutiérrez, J.L. Galán, P. Rodríguez, M.L. Muñoz, J.M. González, P. Cordero, Y. Padilla, Á. Mora, E. Mérida and F. Rodríguez
- 149 Some Applications of Algebraic System Solving  
Eugenio Roanes-Lozano
- 155 Teaching the Relevance of Mathematics in Information Technologies through Functional Programming in Secondary School  
Rosario Vera Ruiz
